

## EUCALAND Newsletter November 2012, 1/2012

Dear EUCALAND members and friends,

Herewith you receive the first EUCALAND newsletter, like it was decided on the Members' General Assembly in August. Once a month, you will get news on the network and the network activities. Furthermore we will provide you information on calls, conferences, publications etc. And last but not least, the newsletter is also the forum, if you are searching for partners, information, contacts etc. Members can also feed us with information on the mentioned topics. You all know, that the newsletter can only work and be up-to-date, if all members participate.

To our great pleasure and relieve, Martina Slamova from the Department of Landscape Planning and Design, Technical University in Zvolen, has kindly agreed, to handle the newsletter. So if you have remarks and proposals regarding the newsletters structure and content, please contact me. And if you have yourself information that should be circulated by the newsletter, you can directly contact Martina ([mislamova@hotmail.com](mailto:mislamova@hotmail.com)).

I hope, that you like the newsletter and that you will find it useful.

With my best regards,  
on behalf of the board,  
Alexandra
