

Nr.	Country	National descriptions of AL /L	National classification of AL /L	National Registers of AL	National Atlas of AL	scale	Maps of AL	scale	Other related material
1	Austria	INVEKOS: digital database (e.g. aerial photos, digital maps) and e-government	8 main production areas and 87 sub-areas	Classification of austrian communities: geographical position at and allocation to the agricultural main and sub-production areas	No	-	Several maps on agricultural production areas, some older natural landscape potential maps from some Austrian provinces	1:50.000	LEP: agricultural development plan / concept SUP: strategical environmental audit : effects on agriculture
2	Belgium	Yes	2 atlases: Flanders & Wallon; Belgium Landscape characterisation (48 types)	Yes	Third National Atlas of Belgium	1:2.000.00 01:1.000.000	Soil maps, Soil associations, Traditional settlement types; Agricultural production areas (20 regions)	1:20.000, 1:500.000	
3	Cyprus	17 Landscape types, classification & description, Warnock, Griffiths, Vogiatzakis 2008	Yes	not yet	not yet	n.s.	Diff. material available: Department of Agriculture (DoA); e.g. agricultural land use, satellite land cover (CORINE), soil classification etc.	n.s.	
4	Czech Republik	Yes	n.s.	Yes (common agricultural register SZR, soil and users registers (LPIS), owners (Cadastral maps), special register (vineyard, gardens, hop garden) integrated register of livestock, register of protect areas in the CZ)	No	n.s.	Diff. material, e.g.: LPIS, Orthophotomap, NSA, LFA, Protect area, Pedological map, BPEJ Units ecological classification of soil, Contamination soil map, other soil maps; Corine Land Cover, Digital map rural development		Categorization of soil quality, nitrate sensitive areas, environmental sensitive areas, less favour areas, categorization production type.
5	Croatia	No	Yes, 16 basic landscape units; agricultural regions and subregions 2003		Agroecological zone FAO 1995		Basic land use (1991)	1:300.000; 1:100.000 GIS	Outstanding cultural landscapes of littoral Croatia (2010), Corine Land Cover classes (2000)

Nr.	Country	National descriptions of AL /L	National classification of AL /L	National Registers of AL	National Atlas of AL	scale	Maps of AL	scale	Other related material
6	DK	Yes (1986, needs updating)	Yes	Yes (with regards to agricultural land use) Integrated Agricultural Control System	yes	municipality level	land use (2000); IACS	1:50000, 1:25:000	Corine Land Cover 1995 and 2000
7	Estonia	No	No	(No) Agricultural Support and Land Parcel Register, Field register, Land cadastre	No		Estonian Base Map	1:50.000	e-services: www.maaamet.ee, Web Map Server collects and presents all national spatial databases; maps of soil and plant cover and landscape regions, CORINE 2000 etc.
8	Finland	Yes classification of valuable national cultural landscapes 1992, Ministry of the Environment (digital), 156 landscape areas	Yes	Yes	Yes	n.s.	Yes	n.s.	Photographing method, databases of soil, topography, land cover, GIS for Monitoring the Living Environment, ELYSE, 12 monitoring themes
9	France	No	No; Departmental atlas of landscapes (2008)	No	Yes (1992), will be updated every 10 years; departemental				Corine Land Cover; Photographs RTM
10	Germany	several descriptions of landscapes e.g. Meynen, Schmithüsen (1953-1662), 89 main regions, 500 sub-entities; Farmhouse and landscape (Ellenberg 1990, different maps, 1:5000000 print)	BfN 2004 "Valuable landscapes in Germany", 858 landscapes, 24 types	n.s.	National Atlas of Germany 1999-2006, partly digitally available	mostly ca. 1:1.000.000	National topographic survey vector data (ATKIS-DLM 25; >2000; 1:25000, digitally available, every 5 years) Soil maps	div.	Geographical classification of natural landscapes (Meynen, Schmithüsen 1953-1962; 1:1000000, digitally available) Atlas of German landscapes and biotopes (Jedicke 1992; 1:7000000) All levels of landscape planning National strategic plan for the development of rural areas (BMELV 2006)

Nr.	Country	National descriptions of AL /L	National classification of AL /L	National Registers of AL	National Atlas of AL	scale	Maps of AL	scale	Other related material
11	Greece	No; some descriptions of historical landscapes existing	No; only related to production, incl. classification of arable land	spatial database with farms, farmers and land use data	No	-	for land use	up to 1:50.000	Collection of air photographs are ongoing; recent spatial data
12	Hungary	National description: 6 large, 35 medium size, 244 small landscape units are described, including geography, climate, soils, vegetation etc., as far as land use.	agricultural land use zone plan (3)	Vineyard cataster. Orchard cataster. Agro-ecological districts	x	1:10.000-1:100.000	x	1:50.000 - 1:100.000	Soil map: 1:10.000 scale for arable lands, 1:25.000 for the whole country (on paper, slides and other materials) in digital form 1:100.000 (Agrotopography map). Maps of ESA, Natura2000, CLC (1:50.000), MEPAR etc. CORINE Land Cover (sev. years, sev. scales)
13	Italy	Yes, e.g.: Description of historical rural landscapes (Sereni E., 1961), Geographical description of landscape types, TCI Italian Touring Club (1963, e.g. Rural houses, drainages, soil's use, typologies of cultivations, historic organization of territory)			“Le forme del territorio italiano” (The shapes of Italian territory (Clementi A., Dematteis G., 1996, digitized	1:25.000; 1:50.000	maps of landscape types on regional level, soil maps	div.	Thematic Atlas Italy; Geographical Types Atlas; Agriculture Census; Environmental maps (geology, geomorphology, soil, vegetation, ...); National Heritage Register (SITAP), Ministry of cultural heritage and activities, Register of Protected Areas; constantly updated; informatics database; on-line accessible Agriculture census, ISTAT; each 5 years; data on farms Historical and recent topography mapping
14	Latvia	K. Ramans (1994): Complex landscape classification (in Latvian), Latvian Landscape regions	(x)				x	1:40.000	Maps of Geology of Latvia (1:200000) (2002)

Nr.	Country	National descriptions of AL /L	National classification of AL /L	National Registers of AL	National Atlas of AL	scale	Maps of AL	scale	Other related material
15	Lithuania	several highly generalized descriptions and mappings of Lithuanian agricultural landscapes in several aspects (e.g. Bučas 2001)	(x)	register of cultural and natural heritage objects; database of all land owners and their land property			x	>=1:3.000.000	Cartographic databases, CORINE land cover database, Landsat photos. Multiple works on landscape development, change, structure
16	Moldavia	V.V. Docuciaev (1889) and Lev Berg: "Landscape zones of USSR"; 1969: "The republican agricultural system"	120 natural landscapes		National Atlas of Moldova 1978 (1990)	1:750.000; 1:1.500.000	x	1:750.000	Map of Geology, Exogen Processes, Geomorphology, Soil, Natural Vegetation
17	Norway	45 Landscape Regions (Atlas), 444 Sub-regions	10 Agricultural Landscape Regions	3Q monitoring programme for AL; national census data	45 landscape regions: a map, 2 page text description, 6 illustrative photos for each region (in Norwegian)	1:2.000.000 (AL), 1:500.000 (L)	x	div.	cultural heritage database
18	Poland			National Heritage Board (NHB)	Atlas of the Republic of Poland (1993-1997)		land use (1957), Topography and thematic maps: geology, geomorphology, soils, hydrology, vegetation.	1:750.000 1:500.000 1:200.000 1:100.000; 1:25.000; 1:10.000	Aerial photos various periods Poland Disappearing Landscapes (Lewandowski, Szewczyk 2008) several geoportals – online maps and data available Map of natural landscapes Krajobrazy (Landscapes) Nr 17/46 1997: Protection and Conservation of Historical Cultural Landscape (National Project, Ministry of Culture and Art) and related publications Corine Land Cover 2000 Landscape- and Spatial Planning

Overview on „National Material on Agricultural Landscapes in Europe“ – Basis: EUCALAND-Network Workshop Cambridge 2006

Nr.	Country	National descriptions of AL /L	National classification of AL /L	National Registers of AL	National Atlas of AL	scale	Maps of AL	scale	Other related material
19	Portugal	(No)	Landscape Character Assessment (2004) 122 landscape areas, 22 regional groups plus agricultural classifications, but not based on landscape	No	National ATLAS (2005)	n.s.	n.s.	n.s.	National analysis for the Ministry of Agriculture (2006), CORINE Land Cover, Agricultural Sector (Agrar statistics),
20	Romania	n.s.	n.s.	n.s.	Yes	1:1.000.000 ; 1:200.000	Yes, different topics	1:50,000	Agricultural data (land use, soil etc. land use/soil etc.) regularly updated, detailed on several topics ; Corine Land Cover
21	Slovakia	Landscape Atlas of the Slovak Republic, 2002, digital	x	LPIS – Land Parcel Identification System, 2002, online, including soil information	Atlas of the Slovak Socialist Republic, 1980	div. u.a. 1:750.000	x		Ethnographical Atlas of Slovakia, 1990, Farm Structure Census and other statistical data; Agricultural statistical data SLOV STAT (online) Corine Land Cover 2000
22	Spain	White Book of the Agriculture and Rural Development (2003) Atlas of Rural Spain (2005) Atlas of Spain's Landscapes (2004): 23 landscape associations, 94 types, 1134 landscape units digital	National Land Use and Cultivation Map digital 1970er (2000)		National Atlas of Spain 2005, 12 landscape types	1:50.000 - 1:700.000	x but only small scale	div.	National Agrarian Census (1999), Data on agricultural land "concentration" (as an indicator excluding cultural landscapes)
23	Sweden	n.s.	Yes	(Yes)	Yes	n.s.	Yes	div.	

Nr.	Country	National descriptions of AL /L	National classification of AL /L	National Registers of AL	National Atlas of AL	scale	Maps of AL	scale	Other related material
24	Switzerland	AREALSTATISTIK 1972, 1985, 1997 mostly digital, including descriptions, maps etc. 97 land-use types, 16 agrarian types	AREAL-STATISTIK	No, but canton wide, census of agricultural enterprises	?	?	areal statistics: land-use categories climate data terrain information Soil map land suitability map divers maps of agricultural statistics	1:200.000, 100m, 25m	Corine Land Cover, PELCOM,
25	The Netherlands	12 provinces, 12 different systems; several descriptions of Dutch landscapes (of importance), but not as area-wide descriptions	n.s.	NL KennisInfrastructuur CultuurHistorie, kortweg KICH – digital, online; and by provinces, most of them online available	n.s.	n.s.	Yes	digital 1:100.000	large number of regional maps of historic landscape relics http://www.kich.nl/#a=0;b=0
26	UK	Countryside Character Areas, digital EH Settlement Atlas; Countryside Survey (land cover), Countryside Quality Counts, HLC (historic landscape characterisation) digital LCA – Landscape character assessment, digital	Yes, different approaches	Cadastral maps diff. layers	n.s.	most material is online available, digital	Yes	most material is online available, digital	Historic data: 20th cent Land Utilisation surveys 1930s 1940 Farm Survey Land Utilisation surveys 1960s, Defra farm agricultural support data, LCA ('blocky' resolution) CQC (countryside quality counts)
